- ★ Create huddle rooms for small team brainstorming, meetings, and collaboration
- ★ Delightful user experience

Why Zoom?

Zoom is revolutionizing the way people communicate, and we're uniquely positioned to deliver the the world's best video conferencing solution because Zoom has the world's most talented team. Eric Yuan, our Founder and CEO, is a web conferencing industry leader who left WebEx in 2011 with an all star engineering team to build the next generation of online video conferencing. Zoom's engineers have over 900 years of combined experience working on real-time collaboration software.

Today over 300,000 companies trust Zoom, and 94% of their IT organizations would recommend Zoom.

About Zoom

Zoom unifies cloud video conferencing, simple online meetings, group messaging, and a software-defined conference room solution into one easy-to-use platform. Our solution offers the best video, audio, and wireless screen-sharing experience across Windows, Mac, Linux, iOS, Android, BlackBerry, Zoom Rooms, and H.323/SIP room systems. Founded in 2011, Zoom's mission is to make video communications frictionless.
